

Gator's Rant

Who the fuck is Billy Mays and WHY is he SCREAMING at me?

He introduces himself like I should fucking KNOW who he is and buy the lame crap he's pushing.

He yells really loud "HI I'M BILLY MAYS!" as if his name has some kind of prestige attached to it.

But no, he's actually just a dude who used to sell shit on the Boardwalk in Atlantic City to tourists. He'd pitch a portable washing machine that fits in your wallet called the "Washmatic" for \$20 all day, then shack up with some hooker and smoke crack all night at the Duke Of Earl Motel. I guess he used to walk into the crack house and yell "HI, I'M BILLY MAYS and I want to buy a TWENTY!"

I don't know why he yells. He might be deaf from listening to Bluegrass banjo/Deliverance music at top volume for a period of many years - he is a big fan. Another theory is that he shouts simply because he is a dickhead. His commercials barely pay him enough money to cover his child support and cost of supervision (probation) - but it beats having to do actual work.

Billy likes to wake people up at 4 am by screaming at them to buy shitty overpriced garbage. There's a yard fork thing that drills little holes in the ground - a product no one on Earth needs or wants. Then there's the Oxy Moron stain remover soap that works best on biological stains, ie: blood.

Here's a clue: If your laundry is covered with blood, you might have more on your mind than what kind of detergent to buy.

He also sells some new magic putty that is precisely identical to the old non-magic putty Ace Hardware has sold for decades, but it costs a shitload more.

Being the high-tech son of a bitch that I am, I scooped up a couple of Billy's domain names on the internet. So here's a copy of the letter I sent to him last month:

Dear Billy Mays,

Hi I'm Gator and I'd like to make you an offer. If you want the domain, BillyMays.net, you can have it for \$149.99; but if you call within the next five minutes, it can be yours for only 3 easy payments of \$39.99! That's right, just three payments of \$39.99!

But wait, I'm not done yet!

If you call now, I'll offer you a second domain, BillyMays.org for free (just pay a small domain transfer fee)! That's right, you get TWO internet domains for just three easy payments of only \$39.99!

And I'm still not done. If you call in the next three minutes, I'll throw in a free Handy Switch, that way you can turn the computer on from anywhere in the room, use it on the wall or your night stand; it's my free gift to you, Billy Mays, you pay only shipping and handling.

And if you're not 100% satisfied, just transfer the domains back to me, and you can keep the Handy Switch as my gift to you! Hurry, this offer is not going to last forever, so call now, I'm standing by!

I'll let you know what happens.
